

## RCI ATLANTIS

RCI Atlantis is a real estate development company that was established with one goal in mind: to deliver world-class developments that create value to all our stakeholders: clients, shareholders, communities, and end users of our developments. The company's operations are driven by a vision to deliver unique developments that contribute to the built environment though a culture which embraces a team-based approach, fosters communication and builds lasting stakeholder relationships.

At RCI Atlantis, we believe that every new development is an opportunity to make a difference, to further push the envelope of design innovation. We pride ourselves on a stringent Quality Management process that is in place to ensure that there is consistency in each and every one of our completed homes. This rigorous process guarantees that each of our finished homes is completed to the highest building standard.

## ST. JAMES COURT

Located in Osapa London Town, St. James Court is designed to deliver the best in fine living to its residents. This development boasts a true "flow through" design, with an emphasis on smart contemporary architecture combined with bold finishes throughout. This development is a straight drive to the Lekki Epe expressway, which is less than a minute away.

Experience the perfect harmony between design and functionality.
